

Certification Information

The Colorado Association of Biomedical Equipment Technicians (CABMET) CBET Study Group is getting ready to start again. We believe CABMET CBET Study Group is one of the best ways to study for certification. We are once again offering the group **available by teleconference/web to everyone in the nation**. You or your group can be part of our group from your home, office or hospital. Take your career to the next level!

Here are some facts about our group:

Started in 2004

CABMET has helped over 250 people get their CBET, CRES and CLES since 2004.

2005, 2006, 2008, 2009 Members of our group got the nations highest scores on CBET, CLES, or CRES

2006 CABMET study group had 100% passing rate.

2006 CABMET study group members average score was 120 out of 150 possible

2006 CABMET study group was recognized in AAMI "Biomedical Instrumentation and Technology" Magazine

2007 Higher than the national average passing rate

2008 An article by an ICC board member noted Colorado for having the highest passing rate for the CBET test in the nation because of the CABMET CBET study group

2008 Featured in articles in 24X7, 24X7 Weekly Jolt and AAMI News

2008 over half the people in the nation that earned CBET were part of our group

2009 CABMET offers a scholarship to all members of its group for the highest score

2009 100 techs from across the nation that got their CBET or CBET Candidacy were part of our group

2010 You can be part of our group and obtain your certification.

Best of all our group cost is only \$60 per individual, and an additional \$140 for a phone/web line. You can set up your own group in your area and only have one phone line used by everyone. We also work with partnering Biomed Associations to wave the phone/web fee, contact us for more details about this offer or see our web site.

Our study materials are based on actual notes compiled by test takers after the exams. We have over 5 years of compiled notes from actual CBET exams.

We have top notch instructors that are very knowledgeable on the subject matter they teach. We also have some expert guest speakers.

CABMET has done an excellent job in Colorado and would like to extend our study preparation to everyone interested in certification. Please see the attached schedule, class details and registration sheet.

Sign up on line at www.cabmet.org .The spring 2010 class sign up will be available in mid February. Class starts the middle of March.

Thanks for your interest in CABMET and certification!

David Scott, CBET
